

Description

It is compact, lightweight and ergonomically designed to withstand student use! This makes it ideal for use in busy teaching laboratories.

The large display is easy to read and the instrument is simple to both set up and use, giving rapid results.

The Colorimeter is a value for money instrument that has been designed for use in educational establishments such as schools and colleges.

The samples can be measured in either standard or semi micro 10mm pathlength cuvettes or in 16mm diameter test tubes (adapters for 10/12 mm test tubes are available).
