Description

It may be possible to provide evidence as to whether or not the ransom note could have been written with a particular marker.

The school library's computers have been stolen. Left behind was a ransom note demanding money.

Help solve the crime using Thin-Layer Chromatography to separate the ink on the ransom note and ink found in markers tied to possible suspects.

This activity includes a Teacher's Manual and Student Guide and Analysis copy-masters. There is enough material for 15 groups.
