

Product Code . JLI-BLE-10653

Electrophoresis Lab Station I

Description

A complete system for introductory agarose gel electrophoresis studies. In addition to a double-gel tank and power supply, you'll also receive a lab investigation to introduce your students to the basic principles of agarose gel electrophoresis. You can now economically outfit your classroom with the latest in electrophoresis technology.

An accurate and highly reliable micropipet and a interactive CD which will allow your students to recreate their investigations in a virtual lab.

The Electrophoresis Lab Station 1 includes:

- 1 Double-Gel Electrophoresis Chamber
- 1 Fixed Volume Micropipet, 10 microlitres
- 1 DNA Technology & Biotechnology CD-ROM
- 1 Variable Voltage Power Supply
- 1 Agarose Gel Electrophoresis Lab Investigation

Accommodates 2 groups of 4 students.

Technical Specifications

230V PSU will be substituted when dispatching orders to countries with 110V mains.
