

Product Code . JLI-PLE-10769

Demountable Transformer Kit

Description

The principles used show how transformers are used in domestic electrical appliances and in the National Grid for power transmission.

Laminated low-loss core for attaching different coils to demonstrate the step up and step down transformer principle.

Attractive demountable transformer with clearly labelled coils for GCSE physics and science and A-Level physics demonstrations.

The core is made up of highly permeable U-shaped metal sheeting, which can be closed via two clamps with tightening screws.
