

Product Code . JLI-PLE-10775

Mounted Solar Cell

Description

The apparatus comprises a selenium photo-voltaic cell.

For use with the motor to demonstrate the production of electrical energy directly from light energy.

The Malvern Energy Transfer Kit consists of a number of separately available units which enable the user to show conversions of one form of energy to another in a variety of different ways. All units have a base measurement of 165 x 100mm and have 4mm socket terminals where appropriate.
