

Educational Lab Equipments

Description

This set contains enough individual parts to build 14 distinct models.

2p Unhybridized (3) sp, sp² sp³
Hybridized (3)

1s Unhybridized (1) 3d Unhybridized (5)

2s Unhybridized (1) 2s + 3 2 p orbitals
Unhybridized (1)

Each model comes with a transparent base for display. Comes complete with a sturdy plastic storage box and clearly illustrated instructions.

Pink and purple coloured pear-shaped lobes represent the two wavephase (positive & negative) of the p and d atomic orbitals. White spheres represent the atomic nuclei.

Educational Lab Equipments,
#449, HSIIDC, Industrial Area, Saha,
