

# Educational Lab Equipments

## Description

---

The internal and external surfaces are finished with a smooth easily cleaned stove enamelled paint.

Motor is supported on flexible rubber mounting that makes critical balancing of the tubes unnecessary.

Safe, easy to use, has a heavy spun aluminium guard bowl and cover which completely encloses the head.

Provided with 5-speed control switch.

Max speed 3500 rpm. Works on 220 V, 50 Hz.

Motor and controls are housed below the bowl for safety.
